

HORSELESS CARRIAGE CLUB OF AMERICA
Fairbanks Regional Group

Vol. 3 No. 1

March 12, 1986

TREADS ON THE TUNDRA

Here it is, 1986, and the Auto-ing season is almost upon us. My calendar says Spring starts March 20th--that's the third Thursday of the month, and Meeting Night, so LET'S MEET.

Where: North Country Inn--in beautiful suburban Fox

When: March 20th at 7:00 P.M.

Why: For a drink, supper, a meeting, lie telling, companionship with other nuts about Cars of Distinction (Extinction??), and maybe a tune on the harmonica (who might we get to play??)

I know a lot of us have been wondering about "the other club". Ed Christensen and I looked over their material, and find we could form a Region with 15 members. Because so many of us have paid dues to the HCCA, I believe its best to remain with them thru THIS SUMMER. My suggestion would be that about next Oct, if its the group's wish, we start to pay our dues to the Antique Automobile Club of America. Of course all who wish could stay with the HCCA--but if we have 15 or more, we could affiliate and form a Region. They are now in Anchorage, and there is interest in one in Kenai. It looks like this club is oriented to all vintages of autos, much as the interest in our club is, not just the very old ones. Additionally, they have a good film library, and research facilities where we could get needed info for a very reasonable cost. Membership fees are the same as the HCCA. Lets discuss this later.

I understand there is a club library--but where is it? Would this be a good time to pull it together and seek a librarian to keep track of it? If there are club owned books, they should be where we may all avail ourselves of them.

If you are traveling outside, here are a few events to drop in on:

April 5-6--Sacramento swap meet
April 13--Buena Park, Calif--Fords and Fashions
April 13-14--Portland swap meet
May 17--Fresno--swap meet
June 15--Salem, Ore--swap meet
July 12-13--Iola, Wisc--car show and swap meet

That should keep us all going. See you the 20th. Carl
