VERNON L. NASH
ANTIQUE AUTO CLUB of
FAIRBANKS REGION

TREADS ON THE TUNDRA

Many thanks to Gary and Shirley Nash for the good fun at the last Sunday meeting. Rumors which reach me speak of clues missed and of one member who did not know what he had in his own yard. I'm sure I would have enjoyed the quiz trail if I'd been there. Isa says some thought I should be required to do it in penance for the time I did it last year.

At the business meeting after the run, I hear that it was decided to call off this month's outing to Mt. McKinley Village. Pity about that, many of us were looking forward to it. In its place, Isa offered to move the 'historic totter' up to fill the spot. I was about to do this when Gene Wescott offered today to organise an event for this coming Sunday (19th June). Who am I to refuse an offer like that? So, Gene will plan an afternoon of fun in which we will not need to over-exercise our grey matter. He has named it 'Dealer's Choice' (which I understand has a recognised connotation in gambling circles). We will gather cards on our trip around the countryside in an effort to get a good 'hand' for Poker. Then we see who wins. The event will start at 1.30 pm at the parking lot at Fairbanks Clinic and end sometime later at the Pump House where we will take refreshment on the lawn. There will be a short business meeting for June after the run.

July 4th is the parade at North Pole. Bill Chace is in the chair and would like to hear of intending participants. The pre-parade gathering will be outside the North Pole Assembly of God Church at 9am approximately and then the link up will be made with the main parade around 10am. Contact Bill for more details at 488 3805.

Bill Chace has a request for parts for his 1928 Buick Sedan model 27. He has the car running and it may be seen next Sunday, but he needs axles, wheels and a rear wheel hub for its long-term better health. Anyone know the whereabouts of suitable parts? Please let Bill know if you do.
