

Puddle Jumper

February 1999

Mama C's of Moose Creek

Even with the cold weather and the distance from town, 25 members were at the January meeting. The service and the food were excellent.

Ticker Tabloid

This is what Connie Jeglum called her e-mail concerning Carl's heart surgery.

Dr. Ritchieof, of Phoenix, Arizona's Desert Sam Hospital, performed the surgery on January 22. Carl had two blockages. One was a 95% blockage of the circumflex artery on the left side of his heart. It received a stent. Two was not as severe and was burred out.

By January 31, Carl and Connie were back in Yuma in their trailer. Connie says he was pushing a car the day before, so it seems he is back to his old self.

I sent Carl an e-mail get-well card for the club and received the following answer, on January 26:

Hi there club--thanks to you all for the kind thoughts and the card!!! We are back in our winter digs in La Casita de Estan~o (little house of tin--the trailer) on our patch of the desert rock pile--came "home" yesterday, and am feeling better each day--the doc says to "be active", and we seem to keep that way. Looks like I'm fixed up good as new, so glad that I've been there, done that!!! No more.

Connie bought a 1969 purple VW Bug--cute as a button--named it Grandma Grape--it will be our running around car. Now I have one more thing to work on here!!

Cheers to all, and thanks again-- Carl (Captain Condom from the Xmas party) Jeglum

*All the ills of mankind, all
the tragic misfortunes that
fill the history books, all the
political blunders, all the
failures of the great leaders,
have arisen merely from a
lack of skill at dancing.*
