Random Runaround

By Scott Grundy

August 28, 2019 was our last run-around adventure for this season and the weather was beautiful! We gathered at Pioneer Park and found our leader, Charlie Bourque, a bit flustered because his planned destination to see the completed Taste of Alaska Lodge had not been confirmed by its owner. After a short deliberation, we agreed a run to the Ester Community Park would be fun. Charlie led the way after announcing we would regroup at the Justa Store on the Chena Pump Road.

Well, some of us need more assistance than others. President Jeff Creamer and I were at the rear of the procession and were delayed by traffic lights. Normally not an issue, but Jeff and passenger, Melinda Harris, followed this ol' bird down Airport Road only to find access to the Parks Highway was under construction and blocked! Our leader, of course, recognized we should have turned north onto University Avenue and blew by me in his high horsepower Mercedes to take the lead. Well, rather than follow Jeff's lead, I took what I thought to be a superior route only to encounter more roadblocks! I had just decided to abort the fun tour, when my phone rang; Don Oines asked where I was. I explained that I could be there in three to five minutes. When I finally arrived, I was greeted with many smiles.

The remainder of the tour up Chena Ridge and down the backside to Ester was beautiful. We all were impressed with the community park. Charlie, the "oldest kid" in our group, even demonstrated how to slide down through the playground tube! (see cover). Great cars, great people and a fun event. Thanks, Charlie!

Jeff is a "Buick Guy", here with the 1950 Buick that sold at the auction.

lines for security clearance.

The auction in Las Vegas was fascinating with some very high prices and record sales for a Barrett-Jackson auction. The top sale at the auction was \$1.54 million paid for a 2017 Ford GT '66 Heritage Edition. Four other late model exotics all topped the \$300,000 price level. A 1957 Dodge Power Wagon custom pickup sold for \$203,500. I did not buy anything but enjoyed watching the auction and the people. The 1950 Buick in the attached photo sold for \$35,200. A few of the car club members who saw the 1955 Studebaker wagon photo I posted on Facebook were very impressed with that vehicle in the photo attached. It was the only Studebaker I saw at the auction and sold for \$20,900.

Check out the video attached to this newsletter distribution email to listen to the auctioneer's chatter!

Las Vegas Barrett-Jackson Auto Auction

October 3-5th

- Jeff Cook

Along with a few others from Fairbanks, I attended the Barrett-Jackson auto auction in Las Vegas from October 3 through 5 at the Mandalay Bay Resort. It was quite a show and lots of security in view of it being the two year anniversary since the horrific shooting at the resort. And it was announced security will be even a bit tighter at the January 2020 Barrett-Jackson auction in Scottsdale. People will only be allowed in with a one gallon clear plastic bag with their belongings or a small clutch purse. No video cameras allowed and of course no weapons. People can expect long

Only Studebaker was this '55 Conestoga Wagon

HERSHEY 2019

- Willy Vinton

Hershey 2019 was a very good trip. The weather was great, with a little drizzle for one day, cool mornings, and nice afternoons. There were lots of vendors and a full car corral as well. We had Mike Lecorchick, with Bub Larson and Rochelle Larson,

This is a great 1910 Rolls Royce Silver Ghost that Bub and Rochelle Larson got to take a ride in. It is a rare car, and the ride was a rare opportunity to meet someone special. The owner of the car is John Dollan, the owner of the Cleveland Indians. I have taken rides in this car a couple of times before, and certainly John Dollan is a very nice guy! I think Bub Larson and daughter, Rochelle, had a good time at Hershey!

along with Wilma and myself. We sure did a lot of walking, and wore Bub out a few times (not that I ever got tired.... LOL). The Thursday night auction was a lot of tired cars out of the Merrick museum;

all but 3 were pushed across the stage, and half of them had flat tires and looked like they needed lots of "TLC".

Friday brought out the good cars and boy were there some nice ones.

Photo above is a great 1940 Lincoln Zephyr that was at the Auction on Friday night. I bid on it, but decided to let it go when it went over the number I had on it. It is probably one of the best Lincoln coupes I have seen. Oh well, next time, maybe..

We ended up with one car and it was one of the best buys at the auction. There were a couple others we went after, but didn't win. Our trip on Sunday to the Coolsprings Power Museum was worth the

This is the prize we are bringing home for the Fountainhead Museum. One of two 1927 Lincolns built in this configuration. It is a stunning car that will add a lot to the collection at the museum. It should be arriving in the next couple weeks, so make sure to come see it when we get it on the floor.

trip. Chris Austin and a couple others were great hosts that gave us a private tour of the entire collection of over 250 rare engines, and Chris even fired up the 600hp snow engine - what a site that was to see and hear. I asked him where the exhaust was, and found out it was plumbed under the floor and out into the woods. Lots of good times with good friends and lots of good food. 'Till next year.

- Willy

Hershey 2019 had lots going on. Photo above is when we went to the Coolsprings Power Museum to see the engines that came from Fairbanks. Al James (in photo with Mike Lecorchick) collected these engines and brought them into Coolsprings from the Alaska villages where they were used for the wireless telegraph system. They have all three of the engines restored and running now. Coolsprings Power has over 250 engines restored and running, and a visit is recommended!

I told my wife to embrace my mistakes... she hugged me.

LEGISLATION

Marty Roth

**Vice President -
Legislation**

Some of our best times have been with friends and old cars, and when you combine them, everything just gets better and better.

It seems like every time you turn around there is another attempt by a city, county, or state to legislate, or to limit our use and enjoyment of our old cars. That's where my job comes in – and where each of you can make a difference. As VP- Legislation, part of what I do is to try to follow legislative efforts which affect the antique vehicle hobby. Contact with our SEMA representative Colby Martin and the SEMA Action Network helps to maintain awareness of issues nationwide, as well as State-to- State.

You and your Region can step up and keep us aware of what is going on in your part of the United States and Canada that the rest of us may not know about, and how it can affect the hobby.

The hobby, with the support of many legislatures just celebrated Collector Car Appreciation Day on Friday, July 12th.

(<https://www.semasan.com/legislative-alerts/national/sema-applauds-introduction-congressional-resolution-recognizing-july-12>)

I hope that you and your Region participated in some way. Here in Louisiana, our many varied clubs had planned to converge on Baton Rouge to visit the Old State Capitol. Regrettably, Hurricane/Tropical Storm Barry made that impossible as much of the southern part of the state was shut down, and driving anything was discouraged. A follow-up event is planned.

I encourage you to look into the SEMA Action Network at this link <http://www.semasan.com>, and to subscribe to receive updates from them.

You are welcome to share, or to discuss legislative-related issues on our AACA FORUM: <https://forums.aaca.org/>

President's Headlights

- Jeff Creamer

Fellow Members,

As we ease into the winter months of life in Fairbanks, we reflect on the past summer season and see what we did, how it benefited the community in which we live, and for myself, I ask, "What can the Club do better next year?". That's where **You** come in!

We did receive a few calls throughout this summer for the club to take part in activities in the community that we were unable to help with due to other pre-planned events. There are several of us that have connections within the various segments of our town such as the army post, airforce base, youth sports, senior events, and so many more that would enjoy having us partake in their group events, but it takes long range planning to make it happen.

I encourage any of us that know of these events to reach out to the hosts/sponsors early so we can include them in our February planning meeting and have more exposure in the community as a result. **Now** is the best time to start with this task.

On the same thought line, while thinking of future events, your board of directors and club officers need to hear from you about where you see the club going in the upcoming years, decades, or even further. Is the status quo sustainable? Do we need to grow? Are we too large? Too restrictive, or too relaxed? Or is this something that will eventually fade as our generation(s) leave this life to our descendants? These are things we need to hear about from you, our members, as without you, there is no Club. Please give this some thought and reach out to myself or other members of the board with your input.

In closing I would like to thank several

members for their contributions to the Club: Carl Westphal, thank you for your service for the last two years as a member of the Board of Directors, and the many other contributions in helping with various activities. We look forward to having your input and assistance in the future!; Jerry Mustard and Bruce McIntosh, welcome to the Board, we look forward to serving with you, thank you for accepting the nomination to serve.; Scott Grundy, Theresa Chase, Phil Sanders, Wilma Vinton, and Dale Durrwachter for your nominations of the worthwhile charities we had to choose from for this year's donation gift. All were deserving of our consideration, thank you for bringing them to our attention. Finally, to those unnamed, unsung heroes that help with all the chores and activities that make serving as your President bearable, Thank You! (Please don't stop!)

Safe and happy travels,

Jeff Creamer

Special Note:

Paul Tekin called to check on Bear Schmit this weekend, and found out that Bear has been hospitalized for the past week, and is not doing well. Bear asked that a note be put in the newsletter stating that "Everything in the garage is for sale", and members should call him if interested in anything. Bear's phone number is 347-7049.

- Rick Larrick

I had a dream about mufflers. I woke up exhausted.

New Board Member, Bruce McIntosh

NEW TO THE BOARD: Bruce McIntosh

Bruce was nominated and then the nominated slate was elected by acclimation at the October Membership Meeting. Bruce is a retired fishery biologist, having worked for the Alaska Department of Fish & Game for 33 years, most recent-

ly overseeing salmon sonar projects in the Yukon and Kuskokwim river drainages.

Bruce was introduced to the club by John McDonald, after Bruce bought a 1955 Ford Victoria from John a few years back. Bruce already had a '49 Hudson coupe, which was the predecessor to the mighty Hudson Hornet which came out in 1951. When asked, Bruce said the '55 Victoria was his favorite car "because, well, I simply like the mid-fifties Fords!"

Bruce's first "antique car" was, of course, a Ford. It was a 1955 Town Sedan, bought from a Craigslist ad in 2011. Bruce says "It was mostly an impulse buy, as it didn't run. I managed to wrangle a co-worker into taking the afternoon off to help me drag it home - although at the time, he didn't realize it was going to be actually dragging it out of its resting place and up onto a rented trailer with ropes, come-alongs and a fair amount of grumbling. I think he got a kick out of my idea of fun!"

In the coming couple of years, Bruce is hoping to be available to contribute time and energy, hopefully helping to take some of the load off of the core of volunteers who currently keep the club active and going. He said he is eager to look for ways to increase member participation and interaction in the club, particularly with newer members and during the "off season" in the fall and winter months.

Editor note: Welcome Bruce! Next month we will profile the other new board member, Jerry Mustard, also elected in October to serve the 2020 through 2021 term.

2019 CHARITY DONATIONS

At the October meeting, the membership voted to award three charity donations this year. Of the five charities nominated, the membership chose Friends of Creamer's Field, Alaska Health Fair Screening Equipment, and Guys Read Gals Read. The vote was close, and after two recounts of the first ballot, one of the five was eliminated and a second vote was taken to select three from the remaining four. The two charities which were nominated, but not selected, were the Kiwanis Tanana Lakes Playground and the Fairbanks Community Food Bank. Each of the five charities had written a letter to the club, and each of the five had a club member sponsor who nominated them and wrote a letter of support.

Each of the three charities voted will receive an equal check with the monies coming from our 50/50 raffle proceeds, charitable funds which were budgeted, and over \$6000 coming from the donation from the proceeds from the sale of the 2012 Ford Fusion which was so generously donated to the club by Sarah Crawford. Each charity will receive about \$2400 (exact amount to be determined by the Board at their November meeting). The awards will be made at the December Annual Meeting / Holiday Party at the Fountainhead Museum on December 8th. A representative from each of the three charities will be invited to attend the meeting, receive their check, and speak briefly to our membership.

The Friends of Creamer's Field donation will be to support their education programs at the Creamer's Field Migratory Waterfowl Refuge. Creamer's field is on College Road within the city limits of Fairbanks, and all year long thousands of people use the Refuge, which some described as being Fairbank's "Central Park". As Scott Grundy explained in his nominating letter of support, "the Friends operate the Visitor Center, work with the school district to lead school children on field trips to view and identify migratory waterfowl, lead nature walks, help maintain trails, host events like the annual 'Sandhill Crane Festival', organized and conduct a 'Camp Habitat' each summer for children, and so much more."

The Alaska Health Fair donation will provide much needed funding to acquire needed equipment for the screening work they do with Fairbanks populations

who do not have much access to health care. They outlined a very specific needs list which totaled about \$10,000 – so our contribution will put them a big step toward their equipment funding goal. The equipment is very specific for their vision and hearing screening services. They were nominated by club member Wilma Vinton.

Guys Read Gals Read was nominated by Katie & Phil Sanders. This program has over 80 volunteers who visit 4th grade classrooms and read. 4th grade is a key point when both boys and girls often stop reading for fun. By re-introducing them to serial novels targeted to their age, the volunteers re-kindle an interest. At the end of the book being read, most classroom listeners are eager to get the sequel book in the series. If again “hooked” on reading for pleasure, many will continue the habit for the rest of their lives.

We will hear more from each of these three charity recipients at the Annual Meeting / Holiday Party at the Fountainhead Museum on December 8th (see article this page and form on page 9).

Annual Meeting / Holiday Party

Mark your calendar for the annual business meeting to be held on Dec. 8th at the **Fountainhead Auto Museum.**

There will be a cash bar starting at 4pm with music provided by Dan & Sue Schaaf. A buffet meal will be provided at 5:00pm.

The meal will be buffet style including the following :

Tossed or Caesar salad

Prime Rib

Chicken Marsala

Red Potatoes

Vegetables

Coffee, Iced Tea or Lemonade

Dessert Tray (4 different)

As decided at the May membership meeting, cost of the meal for members is split 50/50 between the member and the club; there is no reservation fee this year - but meal money must be paid by the deadline to reserve your spot at the table.

After the business meeting a Chinese Auction gift exchange will be held. If you would like to exchange please bring a gift valued at about \$20 (you may spend more if you like).

Come for the Social Hour and check out the collection at the Fountainhead Auto Museum. Your host for this event is Ralph Moore. Please contact him if you have any questions.

Hope to see everyone there for a fun evening and the last meeting of the year.

In the Kid's View -

Leaving cars and coffee yesterday morning and my son, Clifford was giving me a hard time about what we were doing:

"Bunch of old boring guys telling boring stories about cars they haven't fixed yet, blah blah..."

Jokes that aren't funny.
Can't even take me home because we have to go look at more boring junk cars for parts for someone else's boring cars they aren't going to fix anyway..."

"Yep bud that pretty much sums up my average weekend plan."

Not much to say. Looks like we are well set with a Board and Officers going into 2020.

Next issue won't be until for Jan - Feb, issued at the end of December. We'll have photos from the Annual Meeting / Holiday Party, and hopefully some more interesting articles from members on their auto-related travel! Have Fun! - Rick Larrick

HOLIDAY GIFT EXCHANGE

If you wish to participate in the “Chinese Auction” type Gift Exchange at the Holiday Party Dinner, don't forget to bring a gift. One gift per person participating—can be marked for “Man”, “Woman” or non– gender. Cost should be about \$20 or so. Bring a gift and then choose a gift (and try to keep it). And - **if you have children coming, give Joyce Tekin a call so we can make sure there is a gift for them from the club.**

NOTE: No alcoholic gifts are allowed this year, as policy at the Fountainhead Museum is that NO personal liquor can be brought on the premises (even as an unopened gift).
