TREADS ON THE TUNDRA

Those of us at the last meeting at the Chase home enjoyed a fine evening of 'crack' (Irish word for conversation of a lively and interesting kind). The slide show demonstrated how devoted we all should be to the retrieval, restoration and care of antique motors. We all appreciated the presentation made for us by George Clayton. One of the items of business was the trip to Central for the 4th of July. Not really knowing what might lie ahead, I volunteered to organise things for those who are going. It would help matters if I could make an estimate of the numbers interested, so if you are planning on making the trip - and I hope that you are, please let me know so that I can keep up to date.

The progressive lunch (brunch?) will soon take place, the date is Sunday 18th May. Sounds of antique exhausts resounding to merry twangs of the tuner wing their way through the evening air, giving the distinct impression that preparations are being made and we shall have a good turnout for the days' activities. Everything starts at 11 am. Gather at the McBirney's for cocktails, followed by the Christiansens for main course. In the afternoon we shall pit our wits against Gene Yurkovich and his rally (with fewer casualties amongst the transmissions than last year I hope). All winners, survivors and other participants are welcome at the Hotrums for dessert. If you plan to go on the progressive lunch and outing, please let me or any of the organisers know so that numbers can be estimated.

Enclosed with this newsletter is a copy of the application form for membership of the Antique Automobile Club of America. We have agreed to transfer affiliation to this club because it matches our interests better than HCCA. If you plan to go with this idea, it would be a good idea to file for membership as soon as your current HCCA renewal is due. In that way we shall have sufficient club members to become a new affiliated branch of the AACA.

Bill Chace passed me these details of a 1931 4-door Chrysler being sold by Dave Wyckoff. It has a 6 cylinder engine without a head, fuel pump or starter. The body has no rust, rechromed bumpers and grill but the inside is stripped and without seats. Asking price is \$700 or nearest offer. Telephone inquiries to Dolores or Josh Wyckoff on 582 2880. You can see the car by taking the Anderson turnoff the Parks highway, go towards the Base, go right at the sign to Anderson and find 'D' street. The first road to the right is 'A' street so presumably 'D' is the fourth.

News on the grape vine is that North Pole Plaza wants the Club to participate in an event on either June 13 or 20 by organising a display of our cars. More of that at the May meeting.....speaking of which....I hope to see you all on Sunday 18th at the McBirneys'

Roger Smith

P.S. For those, like me, who do not remember the McBirney's address, it is 668 9th Avenue, to be found in the cul-de-sac part off Cowles.
