

TREADS ON THE TUNDRA

First off, my thanks to Roger for the last two newsletters when I was outside--a stalwart partner, and he can spell!!

Meeting time--with Golden Days coming soon, we have a chairman--Vern Nash--hooray. All you folks who plan to be in the parade, call Vern (456-5093), and let him know name and car you will be driving. He has already done the impossible, and gotten us entered at no fee--the revised fee would have been \$350 before "old golden tongue" got to them. We do need to meet before the parade, soooooo.....

Meeting July 17

At the Hill House (827 15th)

At 7:30 P.M.

Ruth promises good weather, so we can sit on the lawn! After the parade, we will have a picnic at Alaskaland, like last year. Bring your makin's, and we can pool them for a smashing pot-luck.

Be sure all of you going to Central have coordinated with Roger (479-8341)--and after the parade, come to our cabin for a picnic--easy to find--just keep going towards Circle City, cross the bridge over Crooked Creek right in town, and we are the first cabin on the left--across from the Road Commotion.

Many thanks to Jerry for handling the car show at North Pole--I am told it went off very well.

Due to the car show, the cook out at the Yurkovich's Harding Lake estate was postponed. The date is now July 13. We will meet at the parking lot of the Fairbanks Clinic at 11 AM--heading down together. Any North Polees could join us at the Market Basket parking lot at about 11:30. Anybody have a canoe or raft they can bring?? Gene says the water is as warm as it will get for swimming. If anybody has a vollyball or badminton set, bring those along. The club will provide burgers, so we can be more flexable on numbers--bring the kids, also, anybody making a last minute decision to come, will be assured of food.

Ruth has 10 people signed up for the new affiliation--the AACCA--we only need 5 more, so bring your \$19 to the meeting the 17th.

See you at the parking lot the 13th, the meeting the 17th, or whenever!!

Cheers--Carl

P.S. I hear there's a cute purple new number in town--some lady says she's hers, but I really wonder--time (or Tina) will tell!!
