

Antique Automobile Club of America

VERNON L. NASH ANTIQUE AUTO CLUB OF FAIRBANKS

TREADS ON THE TUNDRA

Vol. 4 No. 1

March 8, 1987

Wow--Spring has sprung (well, only sort of, BUT the sun IS high in the sky, and you can feel warmth. Therefore, its time to be thinking about digging those old fellows (I mean antique cars, ladies) out of storage and getting on with another season!! I peeked just the other day, and Henry was peering out from under a snow bank, with a tiny smile on his little Ford face, so even he is getting ready--YOU better be too!!

With all that in mind, lets open the season with a dinner meeting for March at the North Country Inn. There isn't alot of business that's developed over the winter, but a couple of things need to be mentioned. The main thing we should do, is to get lined out on our season's activities--what do YOU want to do, and who will be the chairman for each. Please be thinking about this between now and our meeting.

The Xmas Party was a great success, as usual--we all thank Marti for chairing the event--super work. Likewise, Capt. George and Dapper Dan provided music that was out of this world, and very much added to the occasion. Our thanks to you all!!! The club made a fine donation to the Santa Christmas Fund at this time-- just another example of the community service we can and do provide.

Next Meeting

March 19
North Country Inn--dinner
7:00 P.M.

See you all then--

Putt-it-ty, putt, putt

CPJ

"I just checked with the car manufacturer and they deny they ever made a '72 model."

P.S. Gene Yurkovich knows of two antique cars for sale, that will be delivered. Rather than spill all the sordid details (and probably get them wrong), I'll ask you to contact Gene directly. Might be just that deal you've been looking for!!
