ANTIQUE AUTO CLUB of
FAIRBANKS REGION

TREADS ON THE TUNDRA

After a well attended meeting chez nous last month, there was a suggestion that we spend our next meeting night at a well chosen restaurant in the area. Well I hope you to see you all at the Turtle Club in Fox on Thursday 21st of this month at 7pm. We will have a private room with full eating facilities so see you there for a good time and chat.

We might have a little business developing our year's activities. Also, in talking with Ben Anderson recently we thought that there would be interest in updating the list of cars and owners in the club. At the same time we could also compile an album of pictures of the models which we have. Perhaps pictures could be contributed or taken by our honorary club historian. Lets discuss this at the meeting.

In looking for suitable material to fill the page for this edition I found the following car with rather pleasing lines. No prizes for guessing the lineage of this one!

Let me know if you will be there by Tuesday 19th so that I can forewarn the Turtle Club of our likely numbers.

'till Thursday,

RWS.
