CONGRATULATIONS!! We Have A Winner

Randy Paddock is our lucky winner of the name the newsletter contest. Randy wins a free dinner at the next meeting he attends. The committee picked four favorite entries and then the winner was drawn from a hat from those four. A little luck and see what you win!

Other names submitted for consideration were (in NO particular order):

Arctic Tracks - the name of a former newsletter for the club and submitted by several members who also asked "why do we have to change the name?"

Treads on the Tundra - also a former newsletter name.

MEETING MEETING

Several members have suggested that we put our money into something that represents the Vernon Nash Antique Car Club such as a park. It was brought up in the preliminary checking that a park would have to be maintained and approximately \$2,000 would have to be put into it for a couple of years and then it could be named after us. Our 50/50 money amounts to

Well folks, I'm really sorry this is so late getting to press. We decided to upgrade our computer, adding more memory, a DX chip, CD Rom, and Windows 95 along with great printing software. The trouble was that we didn't add it all at once but one piece at a time.

Each time we added a part the *!+!*** had to be configured all over again! I now have a perfect figure and should be on line until we get a new printer within the next couple of months!!
