### News From Old Friends

We are in Blanding Utah, slowly moving homeward--today our mail caught up with us, and we got the Club Newsletter, and were distressed to hear of Jerry Roehm's fuel pump problem. I don't know his address, but please give him our best thoughts for a speedy patching and recovery. We'll be thinking of them both--Cheerio as we head tomorrow to Lake Powell to catch many fish from a

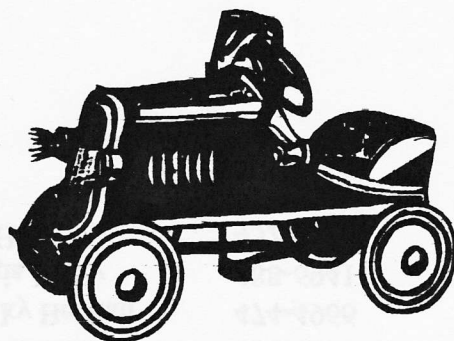

houseboat. Connie and Carl Jegium

### Funny Bone

First Grade True Story:

One day the first grade teacher was reading the story of the Three Little Pigs to her class. She came to the part of the story where the first pig was trying to accumulate the building materials for his home. She read, "...And so the pig went up to the man with the wheelbarrow full of straw and said, "Pardon me sir, but may I have some of that straw to build my house?" The teacher paused then asked the class, "And what do you think that man said?"

One little boy raised his hand and said, "I think he said 'Holy Shit! A talking pig!'"
