Antique Automobile Club  
of America

March 2001

Don your Cowboy and Cowgirl hats  
and boots and put on your western  
shirt and jeans and head on out to

## The Last Round Up At the Silver Spur

285 Old Richardson Hwy.  
457-3663

For our Thursday evening March 8th  
car club meeting! So climb into your  
horseless buggy and trot on over!  
See Y'All there!! YEE-HAW.

Beccy has arranged the meeting  
and we'll order off the menu —  
gourmet burgers, sandwiches, sal-  
ads and more. The prices ranging  
from \$6 to \$10. RSVP to Beccy at  
458-0024 by Wed. March 7th if you  
are coming to the meeting as she  
needs a head count. Please leave  
a message on her answering ma-  
chine. Thanks

The Last Roundup  
also features Line  
Dancing and Cou-  
ples Dancing on  
Thursday evenings.  
We should be able to  
enjoy the show after  
our meeting!!

We're also looking  
forward to Ken  
Uzzel's information  
on the "Austin Mini's"

## Happy Birthday to:

March 9	Connie Jeglum
March 10	Gary Nash
March 21	Roby McHone
March 28	Squeaky Benham

No Anniversary's were reported for March!!

If we missed your special day, we're sorry,  
please call Sherry Camarata 488-4293 and  
let her know — we'll make sure your spe-  
cial day is recognized too!

# **HAPPY ST. PATRICK'S DAY SATURDAY MARCH 17TH**

May the road rise up to  
meet you.  
May the wind be always  
at your back,  
The sun shine warm  
upon your face,  
The rain fall soft upon  
your fields,  
And until we meet again  
may God  
Hold you in the hollow of  
His hand.  
May you always have . .  
Walls for the winds,  
A roof for the rain,  
Tea beside the fire,  
Laughter to cheer you,  
Those you love near  
you,  
And all your heart might  
desire!

The tip of the month is from the Jan. 11th issue of *Old Cars — Old Cars Technician*  
by Jerrold V. Murphy of Vienna WV

**Window Cleaner:** It's always been my observation that nothing does so much for a car with so little effort as thoroughly cleaning all the glass. Years ago, while working in a small-town Chevy dealership, I learned from the body man that the best window cleaner is the old standby, Bon-Ami. Every car that came out of the body shop got all the windows cleaned and polished with Bon-Ami before being released to the customer.

Either the powder form or the cake can be used, and the best way is to use a damp cloth or sponge to cover the entire glass until it is coated with a white paste of Bon-Ami. After it's dry, then wipe off the coating with a clean cloth. Sometimes it's necessary to dampen the glass slightly to remove all the Bon-Ami.

It can also be used for cleaning chrome, whitewalls, or even painted parts when serious cleaning is needed. And it's as good for older cars, as well as new cars.

## The President's Back

Squeaky will be back to lead our meeting on Thursday, March 8th — it's about time Mr. President that you made a meeting!!!! (Well he arrives at 1:00 am that morning so we sure hopes he gets in safe and makes it to the meeting.) Paul will finally get to turn the gavel over to Squeaky and may-be even "Big Bertha's" panties. I'm sure there will be lots of fun.

We'll need to come to a decision on whether or not we will be participating in the "Adopt a Highway" project and we'll also be moving right along with the plans for the joint meet in June with the Anchorage group.

## From Arctic Tracks / Dec 1973

by Paul Wagner

Have you ever said to yourself, "Am I crazy for owning and operating an automobile that's fifty or more years old, costs upwards of \$5,000 to \$20,000 just to purchase, costs a fortune to operate and upkeep and store?"

Furthermore, you are constantly harassed by your wife for leaving her sissy car parked in the snow and cold while the antique sits in the place of honor soaking up that heat in the garage and just rests.

The thing that really amazes me is that the sissy car looks like a pile of junk in 3 yrs. And the antique looks like it just came out of a showroom and also runs twice as good. ..

## Airline Humor!?!

Occasionally, airline attendants make an effort to make the "in-flight safety lecture" and their other announcement a bit more entertaining. Here are some real examples that have been heard by actual passengers.

1. From a Southwest Airlines employee... "There may be 50 ways to leave your lover, but there are only 4 ways out of this airplane."
2. Pilot — "Folks, we have reached our cruising altitude now so I am going to switch the seat belt sign off. Feel free to move about as you wish, but please stay inside the plane till we land...it's a bit cold outside, and if you walk on the wings it affects the flight pattern."
3. After landing: "Thank you for flying Delta Business Express. We hope you enjoyed giving us the business as much as we enjoyed taking you for a ride."
4. As the plane landed and was coming to a stop at Washington National, a lone voice comes over the loud-speaker, "Whoa, big fella, WHOA."
4. After a particularly rough landing during thunderstorms in Memphis, a flight attendant on a Northwest flight announced: "Please take care when opening the overhead compartments because, after a landing like that, sure as hell everything has shifted."
