President's Headlights

- Mike Lecorchick

Spring is in the air (finally) and judging by the attendance at Cars & Coffee most, if not all, have cleaned the winter dust off their old cars and filled them with fresh gas. I have had both the '35 Chevy and '46 Ford out racking up the miles.

With only 12 to 14 weeks between the last vestiges of winter and the next snow fall we should not waste time...and get driving. The Club has a full schedule of events planned starting off with the Carlson Car Show June 2nd and 3rd. That will be followed by our first official Wednesday night runaround on June 6th with many more reasons to drive your car until the snow flies again.

I hope to attend most of the events this summer including the joint meet with the Anchorage Club. The attendance by our club at this event has been low the past few years; let us hope for a better showing this year. All the information you need on the joint meet is in this month's newsletter.

Your President, Mike

LAST CALL - 2018 ABDT **to KODIAK ISLAND!!**

By Scott Grundy

The 2018 Adventure Before Dementia Tour (ABDT) will be a real dandy! We're going to **Kodiak** – Alaska's Emerald Isle (a.k.a. The Rock)!! For extra fun, we're joining our Anchorage compatriots, the Antique Auto Musers of Alaska (AAMA), to spend three fun-filled days touring Kodiak. Our caravan will depart from Fairbanks on Friday morning, June 15 and return the following Friday, June 22.

There is much to see and do in beautiful Kodiak. Most exciting is the AAMA members have access to the state's satellite launching facility and our nation's largest U. S. Coast Guard base; we will receive informative tours of these and

other very interesting facilities! We will also tour the Ft. Abercrombie Historic Park (WWII defense site & museum), drive to the base of wind turbines atop highly scenic Mt. Pillar, visit a saltwater fishery research center, browse local museums, drive scenic roads to beautiful coastal bays, and more.

The ABDT is organized to facilitate you driving your vintage vehicle, but as usual – join the fun and drive anything you wish! Two days of highly scenic transit are planned to and from Homer. We will overnight in Wasilla. But you do not have to caravan with us. Just meet us in Homer. We will depart Homer on the morning of June 17 for a daylight (whoopie!) sail to Kodiak. Then we'll depart Kodiak on the evening of June 20 for an overnight return to Homer. If you wish to visit longer in Kodiak and/or Homer to go fishing or whatever, feel free to do so!

Hotel and ferry spaces are filling but it's hopefully not too late for you to accompany us on this very special tour. For reservation details, contact Scott Grundy at 907-457- 3526 (after 10:00 a.m. please) or email sgrundy55ply@gmail.com.

Valve Cover Races will again be a big event at the Carlson Car Show!

Good News! There's just enough time to finish building those valve cover racers we all started but didn't complete. Time to make a few last minute adjustments to add the bit of speed needed to become a champion. We're excited to see the valve cover veterans and their racers ready to take on brash new drivers. The competition is fierce and not for the weak hearted. Get a chance to smoke Willy "I'm not speeding I'm qualifying" Vinton. Be the one to best Don "LaSalle" Oines or Scott "Heavy Cover" Grundy. Match your car against the fastest family on the circuit, the Brands, champion cover racers of VLNAAC. It's rumored they can't be beat even if they push your car down the track. And never count out perennial competitors Bub "Hope it goes straight" Larson or Studemeister Rick. Who's marque will be first to the checkered flag? Studebaker? Packard? Amphicar? Tucker? (Maybe one of those other three?) We can't wait to crown the new superstars of the Interior valve cover circuit. The chance to fine tune is on Saturday at 1pm with demonstrations and practice runs. Championship racing begins at 1pm Sunday with awards presented at the end of the event. See you at the races.

Attention Regions & Chapters: How are YOU Getting Kids and Young Adults Involved in the Old Car Hobby?

By Megan Boyd, Director, AACA

My name is Megan Boyd and I have recently been elected to the AACA Board of Directors and appointed as the VP of Youth Development and Chairwoman of the Scholarship Committee. I am honored and thrilled to be serving in these capacities!

Growing up in the hobby, I understand the importance in having the youth and young adults involved. To perpetuate not only our club but also our hobby, we must find a way to engage them.

Since accepting my position, I have been pleasantly surprised to hear how several regions and chapters have youth and young adult programs in place. Everything from youth judging to kids games and even programs with the Boy Scouts and Girl Scouts - there are some really great ideas out there! I'd like to take some of these ideas and programs and expand them on the national level.

As I begin to chart out a course, I would like your input. What is your region or chapter doing to involve children and young adults? What are your ideas to engage the next generation of car people? Please shoot me a quick email at aacameg@gmail.com. I look forward to hearing from you!

EDITOR'S LEFT (on) BLINKER

It sounds like Ford cars might be getting more collectable - as *orphans* as Ford abandons the car market to make only trucks. I understand the first step is to drop all car models except for the Mustang and to become a truck company.

We really need to get out there and sell those raffle tickets, both at the Carlson Car Show and as individuals. I don't think we have even sold enough to cover our costs yet. Besides, I would much rather have BBQ than Fred's chicken at the club picnic.

- Rick Larrick

Valve Cover Racer Rules:

1. Racer must be built with an original valve cover from an internal combustion engine, and must retain the original gasket surface. Please sand or file any sharp edges that could cause injury, without destroying the original mounting surface to the point it cannot be re-used.
2. Racer must have no moving parts other than the axles or wheels.
3. Racer must have no means of propulsion, other than gravity, and must have no shifting or liquid weights.
4. Racer must have a minimum of three (3) wheels.
5. Nothing can protrude on either end of the valve cover.
6. Tires (wheels) must not exceed 4 inches in diameter and must have a non-metallic area touching the track. No DVDs CDs, etc., may be used. Skateboard, in-line skate, roller skate, or homebuilt wheels with a minimum of 1/4" face are OK. Wheels may be mounted either inside or outside of the valve cover.
7. The maximum length of the racer must not exceed 30 inches. The width may not exceed 10 inches from the outside of wheel to outside of wheel. Total weight may not exceed 10 pounds. Maximum height can be 10 inches.
8. Valve covers must retain the original gasket surface, and must not leak oil; dripping oil on the track will disqualify the entrant.
9. Racer may be painted or unpainted. The use of graphics or decals is OK. No holes may be cut into the valve cover or external modification are allowed that would prevent it being reinstalled and run on Mom's car. External add-ons may be done using existing mounting holes only.
10. The maximum distance from the track to the front edge of the valve cover is 3 1/2 inches to accommodate the release pin for the starting gate.
11. The length from the front of the valve cover to the rear axle may not exceed 22 inches.

CARLSON SHOW

The 14th Annual Carlson Center Show is scheduled for June 2nd and 3rd with setup on the 1st. While you are spiffing up your cars for the event, be sure to dig out your valve cover cars, tune them up and get them ready to put the heat to last year's champions. The valve cover races will be held both days, eliminations on the first day and the final championship races the second day.

As decided at the April membership meeting, there will be only one overall award this year - People's Choice. The winner will be decided by the ballots of those visitors attending the show. Let's all bring at least one car out and share our passion for this hobby with the public. Cars don't have to be "show quality" - they need just to be the cars we enjoy and want to share.

There are still open slots for volunteers on the sign-up sheet from the last membership meeting. If you are planning to help out, please call Willy Vinton.

Posters, like on this page but bigger, are still available. Please pick some up from Willy and distribute them at your place of business or with mer-

chants around town who support us.

This show can't be successful without your help. If you have questions or want to

volunteer, contact me at wvinton@gci.net or call 388-8252.
