Nash's News

**Antique auto news from
Alaska's largest car club and most
northern region of AACA**

Photo: Melinda Harris

This winter a loose knit group of club members started meeting for lunch every Tuesday at various eateries around town. Here we are on April 8th at C&Js on Cushman St.

From L to R: Ralph Glasgow, Bruce McIntosh, Gregg Oslund, Ray Martsof, John McCarthy, Ross Beal, Terry Fogleson, Preston Smith, and George Dalton. Melinda Harris is behind the camera.

From The Editor

- Bruce McIntosh

It's breakup! It's nice to see dry roads again. I know most of the snow is gone from my own yard, and that combined with some of the sunny days we've had is making me feel much more motivated. At our Tuesday lunch today we even had a few vehicles come out of hibernation that I haven't seen since last fall. Hopefully our weather stays on this trajectory - our first Wednesday Runaround of the season is in a couple of weeks on May 7th.

In this issue you'll find lots of info about what's in store for the club this summer. The big calendar, the one we started work on at our planning meeting in March, is included on pages 16 & 17. As always, as things develop over the summer, there may be changes to dates or destinations, so consider this firm but "tentative". There's lots of opportunity to get involved the next few months, and one of the best ways is to lead one of our Wednesday Night Runarounds. Do you have a place or a drive you'd like to share with others? Let one of the board members know.

This coming weekend, April 25 - 27, is the Outdoor Show at the Carlson Center. The club will again have this year's raffle car on display outside and a booth inside to sell raffle tickets. Stop by and schmooze if you're there.

Club VP Doug Davis has done a yeoman's job in resurrecting our club merchandise and getting it sorted out and ready for sale to members. You can find the full inventory on pages 10 & 11. If there is enough interest we may put together another order down the line, but for now it's first come, first served.

You can reach your editor at nashnewseditor@gmail.com with questions, suggestions, news, stories, and for sale/wanted ads

For the most current club calendar, visit the VLNAACF website at: <https://fairbanksaaca.org/>

Locksmith, 1249 Noble St., Fairbanks**

Drawing July 19, 2025 at 2:00pm

**Drawing to be held at the Pioneer Square Dance Pavilion
Need not be present to win.**

Only 3,500 tickets

Permit #2437

President's Headlights

- Melinda Harris, President

Happy Spring!

First off, let's thank our members, and their guests, for attending our first Membership Meeting of 2025 on March 13th at the Wedgewood Resort's Taiga Center. Marilyn Nigro suggested a sign-in sheet be passed around as we prepared to start; we recorded 32 members present, the Vintons brought in guests Don and Ann Lottes, and Ralph Glasgow invited Steve Martz who is now a member.

That evening included a pre-meeting pizza meal and it's a good thing we fed folks because planning our annual activities and events calendar is a fun yet tedious task. Three hours later we adjourned at about 9pm, following a motion by Willie Vinton and seconded by Patty Meritt to table the completion of our activity calendar until the next Membership Meeting in April.

Our activity and event planning continued April 10th at the Mayan Palace restaurant, led by vice president Doug Davis. The sign-in sheet again recorded better than quorum attendance, and we welcomed new members Sandy Bergman and Josh Liddell. As the farthest north AACA Region our driving season may be shorter than the other Regions, but our calendar can be just as busy with car requests, car shows, potlucks, recurring annual community events, and weekly meet-ups. That's why we keep asking our members to please, please volunteer to take a turn at leading an activity. The variety of interests and ideas, and styles of hosting present among us is truly what makes our club hum happily along the highways and in our hearts.

As you know, managing our unique wheeled companions takes time, energy, and dedication. Did you wrap up a car project over the winter, transform a jalopy, grant a new lease on life to a classic coupe or roadster? For the members who engage in the mechanical and restoration side of our old car hobby, we're currently collecting nominations for the 2025 VLNAACF Most Improved Vehicle Award. V.P. Doug Davis chairs that committee this year, to pass the award forward. His column on the subject in Nash's

News (page 10, Volume 53, Issue 5) covered some of the history of the award and selection criteria. As we approach summer, we close nominations on April 30 and then vote on a 2025 recipient.

Should we add a Procrastinator's Award? Or perhaps, Most Improved Garage? I'm a competitive procrastinator; my 1964 Sunbeam Alpine IV waits in my unheated garage which also waits, a year now, for finishing. With the increased light of day it's time to muster some interest again, let the stale air out and fire up the master heater (vented, of course) to get that beautifully rebuilt original engine ready for break-in, and the car's braking system sorted out. Do I need an accountability coach? Do you? Perhaps those of us who have lingering projects so close to road-worthy might form an alliance, a support group, a dare: what will you be driving in May, when we kick off our first live Wednesday Night Run-Around?

And remember: at the end of this month, April 25-27th, we have a booth at the Carlson Center's Outdoor Show highlighting our club and introducing our 1983 Cadillac Coupe de Ville raffle car. Thanks in advance to our members who signed up with John McCarthy to host our table and help sell raffle tickets.

Cheers,

Melinda Harris, President VLNAACF

Most Improved Vehicle Deadline

- Doug Davis, Vice President

As the Most Improved Vehicle recipient of 2024, I am heading up the committee to select the winner for 2025. The deadline for receiving nominations is April 30th. Please have nominations sent to me by this date.

Thank you,

Doug Davis

ddavis@alaska.net

907-371-8406

Awards Committee?

- Patty Meritt, Director

Regarding Trophies or awards for Car Shows: One member recently said, "All the other car shows have trophies". An opposing one said, "I gave away a pickup load of trophies!" "It's too much work!" from another. "It's a way to encourage participation!" was a fourth opinion. "Maybe we could just have pictures with the car and the owner, in the newsletter rather than a trophy" What is your opinion?

Club leaders are divided about whether or not to reinstate trophies or awards for the car shows. Would you be willing to give 4 hours of your time to help us figure it out by serving on an Awards Committee? This could make suggestions to provide For example: A HOWARD MACKEY Award for the most meticulously maintained or a WILLY VINTON Award for the most unique pre-WWII vehicle.

The expected time commitment for members is 4 hours (1-2 meetings and some emails)

The purpose of the committee would be as follows:

1. Determine the feasibility of giving awards and/or trophies at the car shows
2. include budget, staff /volunteers needed, types of awards
3. Guidelines for awards
4. Recommendation to the Board

Contact Patty Meritt to join this discussion pameritt@alaska.edu or 907 978-6626

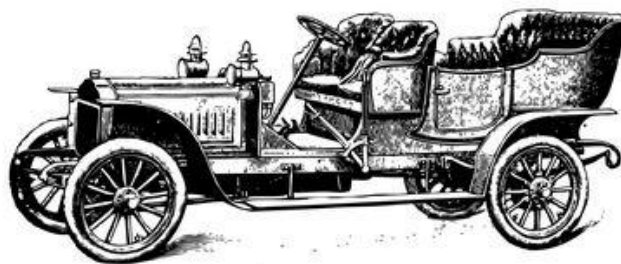

2025 Homer - Seldovia Adventure Before Dementia Tour

- Scott Grundy

Last July our group selected the run to Homer and Seldovia as their favored tour option because it occurred in May and it could be done in a short period of time. We have done this trip before (in 2014) and had lots of fun! This time, for more fun, we will team up with the Antique Auto Musers of Alaska (AAMA) who have been doing a spring run to Homer annually for 18 years! Plus, some AAMA folks plan to join us on the day trip to beautiful and quaint Seldovia - rather special!! These tours provide you the option to caravan when in transit, attend group happy hours, dinners and lunches, and/or criticize your cat herder! Lots of good camaraderie!

- ◆ Friday, May 16: Drive ~320 miles on the Parks Highway to Wasilla.
- ◆ Saturday, May 17: Drive to Homer ~272 miles.
- ◆ Sunday, May 18: Attend the Homer Car Show with the AAMA, AK Model A Group, Kaknu Kruzers (Soldotna) plus local treasures!. The Homer show is a major and loved community event!
- ◆ Monday, May 19: You have the option to:
 - 1) Return to Fairbanks;
 - 2) Or, join those going to Seldovia on the Rainbow tour boat that stops at the Bird Island rookery en route (\$89 RT+ / senior rate - less if there are enough of us).
 - 3) Or, stay in Homer and tour the many attractions in town and sights on the local road system. A very special place - more info later.
- ◆ Tuesday, May 20: Return to Wasilla (~272 miles). Hopefully, a garage tour that evening.
- ◆ Wednesday, May 21: Depending upon weather and interest, we may return to Fairbanks from Wasilla via the Glenn and Richardson Highways -75 miles longer, but so beautiful and tasty buffalo burgers!.

INTERESTED? Please contact Scott Grundy for all the current tour plans and the housing details at sgrundy55ply@gmail.com or 907-322-9283 This promises to be a fun and relaxed tour. This ol' guy is getting excited! Please join us!

The 2014 Homer - Seldovia ABDT

A few hungry 2014 ADBT participants in Seldovia. Excellent dog sitters - Wyan and Hank Grant, Linda Grundy, Ed & Laurel Mc Laughlin, AAMA Seldovia residents - Sachiko & Walt Sonen, AAMA Homer resident & our restaurant guide - Buzz Wallace, Scott Grundy and Jill Larrick. Great folks, fun and yummy times! Rick Larrick photo.

Introducing Jeff Rogers

- Melinda Harris

A few of the members at our 2024 Annual Meeting aka The Christmas Party may recall a brief introduction to Jeff Rogers of Ester. He was contacted by me last November as a potential VLNAACF member, especially because he absolutely loves big Cadillacs, and our upcoming 2025 raffle car is an '83 Coupe de Ville. Big and white, like a Beluga whale.

Jeff and his wife Margaret were among my first neighbors and comrades in Ester, the "village" about 5 miles west of the University of Alaska Fairbanks, when I settled into a little rental cabin on Main Street in the fall of 2001. I soon encountered Jeff's "Cadibago", an active project, in the broadest and most artistic sense of that label. The next spring, Fairbanks Daily News Miner feature story, "Geologist digs his Cadibago" spun a fun tale of Caddy-spotting and unorthodox car restoration along the lines of renew, reuse, and repurpose. As staff writer Tom Moran summed it up, "If ever there was an expression of an owner's personality, the Cadibago -- in all likelihood, the world's only hearse-cum-camper-van-cum-greenhouse -- is it. And note, the News-Miner story was published on April 1, 2002.

~Melinda Harris

“Is That A Caddy Out There?”

- Jeff Rogers

Hello club members,

I'd like to introduce myself, since I've gotten involved with this year's raffle car, a big old Cadillac. Pretty sure Melinda thought of me because a number of them have taken residence in my shop at one time or another.

The first Cadillac to come my way was a 1951 Miller hearse that a gold miner converted into a camper. I had a lot of fun turning it into a greenhouse. It was once written about in the Daily News Miner. The second was a 69 Miller-Meteor hearse that was abandoned on some of Niilo Koponen's land. All it needed to run was bolting back on the fuel pump. I also did some body work, cleaned it up, and gave it a nice paint job. Then came the biggest one of all, a 1959 Imperial Sedan, a factory limousine. The Cadillac I still have is a 1962 Series 62 convertible. I got it from another gold miner. It was a beautifully complete car, but terribly rusted. Off a cliff was it's intended fate, except that I was gifted a 1962 Deville. I made the monumental (and rather presumptuous) decision to drill out nearly every single spot weld of both cars to replace the firewall and floor of the convertible. It worked, but I'll never do that again. It's a frame off restoration. Everything is rebuilt and works. Of course, it remains to be finished.

All in good time. See you at events. Happy, safe driving!

~ Jeff Rogers
